## *Keepseagle v. Vilsack* Settlement Funds Update

### **Venue Location and Webinar Information**

Approximately \$380 million in settlement funds remain undistributed from the *Keepseagle v. Vilsack* litigation. The Settlement Agreement approved by the Court requires that these funds only be given to non-profit organizations providing services to Native American farmers & ranchers.

The parties to the litigation propose creating a Trust that would distribute most of these funds as grants to eligible non-profit organizations.

Counsel for the plaintiff class want to discuss the Trust and seek your views about the mission for the Trust and who should oversee the Trust. For that purpose, counsel has scheduled several regional meetings and webinar (telephone conference) calls on the dates stated on this flier. Interested individuals, Tribal governments, non-profits and other organizations are invited to participate.
